THE ANCIENT NEAR EAST

Abingdon Press. Paperback / softback. Book Condition: new. BRAND NEW, The Ancient Near East, John L McLaughlin, The cultures of the great empires of the ancient Near East from Egypt to Mesopotamia influenced Israel's religion, literature, and laws because of Israel's geographic location and political position situation. Anyone who wishes to understand the Old Testament texts and the history of ancient Israel must become familiar with the history, literature, and society of the surrounding kingdoms that at times controlled the region. Brief in presentation yet broad in scope, Ancient Near East will introduce students to the information and ideas essential to understanding the texts of the Old Testament while clarifying difficult issues concerning the relationship between Israel and its neighbors. Abingdon Essential Guides fulfill the need for brief, substantive, yet highly accessible introductions to the core disciplines in biblical, theological, and religious studies. He explains basic concepts, terminology, and texts to help students, scholars, and even perhaps preachers who want to understand God's word expressed through human words. --Kathleen M. O Connor, William Marcellus McPheeters Professor of Old Testament, emeriti, Columbia Theological Seminary In this work, John McLaughlin offers a special invitation to readers of the Bible to comprehend biblical writings in a fresh way by showing how they relate to the literatures of ancient Middle Eastern empires and peoples. Chapter-by-chapter, this book gives a...
