

Grammar School Book (Classic Reprint) (Paperback)

By Florian Cajori

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Grammar School Book This Grammar School Arithmetic is noteworthy for the topics which it omits, as well as for the new topics which it introduces. A dominant feature is the emphasis upon vocational problems. These problems are of wide range, drawn from life on a farm, in the home, in the carpenter s shop, the manufacturing establishment, and the clerk s office in the city. It is hoped that these vocational problems will be of genuine value to the pupil after he leaves the school and enters into one or another of the various fields of activity. A new feature in the treatment is the study of curves representing empirical data, such as variations in temperature, of prices of different commodities, of stock quotations, or of agricultural and other scientific data. No other topic in elementary mathematics has sprung into such prominence in modern life. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Reviews

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Keanu Johns**

This is the finest book i have read until now. It is filled with wisdom and knowledge You can expect to like just how the author compose this ebook.

-- **Tobin Lesch**
