Jesus and the Earth

By James Jones

SPCK Publishing. Paperback. Book Condition: new. BRAND NEW, Jesus and the Earth, James Jones, What was Jesus' attitude to the earth? What, if anything, did he say about the environment? Is there a divine 'earth-ethic' to be found in the Gospels? As the ecological threats to the earth multiply and intensify, Christians are turning to the pages of the Old Testament for guidance on environmental ethics. But is wisdom about this critical issue to be found only there? James Jones, Bishop of Liverpool, set out to discover if his own concern for creation found any sympathy in the teaching and example of Jesus. This book is the result of his search. Here he argues clearly and passionately that Jesus is the saviour not only of humanity, but also the saviour of the planet and of the whole cosmos, which came into being through him and for him. A series of questions is provided at the end of each chapter to stimulate individual reflection and group discussion. "I very much hope that this timely and insightful book from James Jones will inspire many individual Christians and the Church as a whole to be far more 'militant' in defence of God's earth."...
